A panel was convened yesterday in 770 to convey to the Orchim memories of the momentous satellite hookup held on Yud Shvat 5753, when the Rebbe's encouraged the singing of Yechi on live hookup broadcast the world over.

The evening's chairman Rabbi **Sender Wilshansky**, Rosh Yeshivas Chabad in Milan, Italy, began with an explanation of the importance of saying Yechi and the Rebbe's unambiguous encouragement for it.

Rabbi **Chaim Levi Yitzchak Ginsburg**, Mashpia in Yeshivas Tomchei Temimim of Rishon Letzion, related his involvement with the live hookups in Israel. A fascinated crowd listened as Rabbi Ginsburg told some very interesting tidbits on the organization of the satellites.

Rabbi **Shmuel Spritzer**, a chaplain to prisons, told the crowd many stories from behind the scenes, and how the Rebbe repeatedly shunned any opposition to the satellite being arranged.

A more emotional account of the events was relayed by Rabbi **Yitzchok Springer** who was one of the leading organizers of the event in 1993. Exclaiming the importance and holiness of the Yechi declaration, Rabbi Springer abruptly put it, "It's not Holy, rather it's the Holy of Holies!"

Rabbi Springer also mentioned the many positive response received from the Rebbe regarding the publishing of advertisements in the New York Times and other magazines regarding the imminent arrival of Moshiach.

A special guest to the panel arrived from Montreal to address the large gathering. Rabbi **Chaim Shlomo Cohen**, Shliach to Montreal and a Rosh Yeshiva there. He emphasized the importance of the constant recital of Yechi and how much pleasure it gives to the Rebbe.

In conclusion, Rabbi **Eli Cohen**, member of the executive board of Central Lubavitcher Yeshivas, told of his involvement with the satellite and how the various television stations arrived in 770 to broadcast the message that the Rebbe is indeed Melech Hamoshiach.

Participants received an exclusive booklet entitled, "The Facts Behind the Satellite".

1. booklet

outoftowner

can you publicize the booklet on your site for the benefit of those who were not there? pdf would be really appreciated. thanks. also, is there any clip about 5753 satellite hookup? there must be some evidence (pictures, videos) at least from the tv stations. thanks.

2.

Yosy

What should also be publicized is how certain menuvolim - many of whom, are even to this day still promoted on your website - made attempts during the hook-up to cut wires if they will continue to broadcast.

These evildoers should be unmasked for what they really are!

NOT promoted as "shluchim"!?
